

## **AMTA 2020 National Convention**

AMTA has decided to cancel the 2020 National Convention. They believe it is the best decision based on recommendations from healthcare experts, the unknown duration for social distancing, and hardships our community is facing at this time. This is a difficult decision, and we will miss gathering with all of you in Phoenix this year. If you registered in advance, you will be contacted for a full refund. The 2021 Convention is to be held in Tampa.

We will post any future education opportunities and meetings as dates become available. In order to meet the governance requirement that we provide current Chapter and Financial Information, usually given out at the Annual Meeting, we are working with the National AMTA offices to find a way to bring that information to you. The exact date has not been scheduled; watch for updates.
