

### **Human Trafficking Course**

Each LMT needs to take this training once during their career.

It doesn't need to be interactive. If it's online, it can be a video or simply reading material.

Here are two quality trainings you can take at your convenience.

[Addressing Human Trafficking in Healthcare Settings](#) is offered through the University of Michigan at **no charge**.

There is also a [Human Trafficking](#) course offered for \$19.99 through Michigan Implicit Bias Training website.

### **Implicit Bias Courses**

We are offering Implicit Bias Virtual Classes to Michigan LMTs. Please check out the dates on our website: <https://amtami.org>

Most of the classes are 2 hours. The additional information provided during the training make the subject matter much more understandable. The instructors are excellent, and we believe that the \$30 fee is worth it for the quality of the class.

If you need different dates and times, we encourage you to check the offerings at [Michigan Implicit Bias Training](#). We are not affiliated with their offerings.
